Invitation for 2nd World Conservation of Water Conference 2023

Under the joint auspices of Drought and Flood control commission, Janardan Rai Nagar Rajasthan Vidyapeeth (Deemed to be University), Tarun Bharat Sangh, **2nd world conservation of water conference** is being organized from November 20 to 22, 2023 in the conference hall of Janardan Rai Nagar Rajasthan Vidyapeeth (Deemed to be University) Pratap Nagar, Udaipur. The conference will commence on 20 November, 2023 at 4 pm, close on 22 November, 2023 at 1 pm. All persons, environmentalist, representatives engaged in the conservation of water in all continents of the world are participating.

On behalf of the above mentioned organizations and institution we cordially invite all those persons who are specially interested in conservation of water as responsible and sincere citizens to attend the conference. Lodging and boarding facilities will be provided by Janardan Rai Nagar Rajasthan Vidyapeeth (Deemed to be University), Udaipur (Rajasthan) however participants will have to bear their own traveling expenses.

Waterman Dr. Rajendra Singh ji also joints us in extending his personal invitation to the all- eminent scientist, social workers and members of water conservation community associated with Tarun Bharat Sang and Drought, Flood Control Commission to participate in the conference.

The above information can be treated as an invitation to attend the conference. Information regarding participation may be sent to Paras Pratap Singh on Mobile No. 919009739338 so that arrangement for lodging and boarding can be made.

In this conference, issues relating to the conservation of water will be addressed and deliberated in order to suggest permanent solutions of the problems caused by climate change. It may be noted that this year 2023 has been declared as World Water Peace Year in view of a large number of conflicts taking place all over the world due to non-conservation of water.

Conservation of water alone can bring about permanent peace among all warring political religious and sectional groups. People having very sound and practical experience in dealing with problems arising out of non-conservation and waste of water are participating in the conference. It would be a great pleasure and privilege to hear them speak about their vast experience, work and remarkable services rendered in the field. Hence an open invitation is being sent.
